The Municipal Bouncil proposed to extend the town and Government have in their order No:L.5424-7/Ml.17-30-24 dated 3rd January 1931, sanctioned proposals for acquisition of certain lands in the Town for the purpose. As the Council have not at present got enough of funds for payment of compensation, they have resolved to approach Government for a loan of Rs.6,000/-, to be repaid within a year or earlier in case the sites are disposed of. It is said that there are pressing demands for sites and a sum of Rs.1,500 has already been deposited by the intending bidders. The Council hope to realise the full cost of acquisition quickly and be able to repay the loan within the stipulated time. In these circumstances, I recommend that a loan of Rs.6,000/- may kindly be sanctioned by Government to enable the Council to give immediate effect to their proposal to extend the Town.

The loan may be made repayable on or before the 1st June 1932.

The budget estimates of the Chintamani Municipal Council for the year 1930-31 received with the Kolar District Deputy Commissioner's letter No C Per A 29—30, dated 17th July 1930

ORDER NO L 2538-39—ML 332-29-11, DATED, BANGALORE THE 23RD SEPTEMBER 1930

The Muncipal Council estimate their income and expenditure for the year 1930-31 at Rs 35,185 and Rs 52,893 against Rs 30,835 and Rs 44,675 sanctioned for the previous year The sanctioned estimates for the previous year have been shown under the column "Revised Estimates" and the estimates which had been proposed by the Municipal Council for the year 1929-30 appear to have been entered in the column headed "Sanctioned Estimates" This is not correct The estimates sanctioned by the Government should have been entered under the column "Sanctioned Estimates" and the probable estimates of income and expenditure for 1929-30 should have been entered in the column "Revised Estimates"

2 *Receipts* —The estimates under Municipal rates and taxes show a slight excess of Rs 1,300 over the sanctioned estimates for the previous year The increases are mainly under "Tolls" and "water tax" In the absence of any explanation as to the increases proposed, the estimates under these two heads will be reduced from Rs 3,000 and Rs 1,200 to Rs 2,000 and Rs 1,000 respectively, which are the estimates sanctioned for 1929-30

3 An income of Rs 4,000 is expected under "Rents of buildings and lands" The Deputy Commissioner is requested to furnish for the information of Government details of the properties from which rent is derived by the Municipal Council

4 *Expenditure* —The budget provides for an expenditure of Rs 15,000 for the Town Hall building, Rs 6,000 for the High School building and Rs 4,000 for other works As the Municipal Council have proposed to defer the construction of the Town Hall, the provision of Rs 15,000 will be struck out and that of Rs 6,000 for the High School will be transferred to the head "C Public Works executed by the Public Works Department"

5 A provision of Rs 6,000 under "maintenance of water works and supply of water" has been proposed without any explanation as to the necessity therefor This is probably required for laying out the pipe line from water supply tank to the Reservoir and this provision will also be transferred to the head "C Public Works carried out by the Public Works Department"

The budget estimates of the Chikballapur Municipal Council for the year 1930-31 received with the Kolar District Deputy Commissioner's letter No C Per A 29—29-30, dated 17th July 1930

ORDER No L 2471-72—ML 332-29-9, DATED BANGALORE, THE 18TH SEPTEMBER, 1930

The Municipal Council estimate their income and expenditure at Rs 42,992 and Rs 42,511 against Rs 33,870 and Rs 33,190 respectively sanctioned for the previous year The large increase under both receipts and expenditure is due mainly to the sale of the 6½ per cent Mysore Government Loan Bonds and the utilisation of a sum of Rs 10,000 for carrying out certain improvement works

2 *Receipts* —The income under tolls is estimated at Rs 7,500 against Rs 5,000 sanctioned for 1929-30 and it will remain undisturbed as it is explained to have been based on the bid secured for 1929-30 The Municipal Council proposed to replace taxes on professions by shop-tax The estimate of Rs 1,800 proposed under shop-tax and the omission of the estimate of Rs 1,000 under taxes on professions are approved A contribution of Rs 3,000 is expected from Government for Town Improvements As it is not likely that the Deputy Commissioner will be able to make any appreciable grant during the current year out of the amount placed at his disposal, the estimate will be deleted.

3 *Expenditure* —The Municipal Council propose to spend a sum of Rs 16,000 under Public Works besides making a grant of Rs 3,000 for Town Improvement Works The provision of Rs 3,000 for improvement works under the debt heads will be struck out as no grant could be expected from Government during the year The Municipal Council may carry out the works out of their own funds and the balance, if any, of the unspent grant of previous years

4 The budget includes provision for the following charges —

	Rs
(*a*) Increase of pay of the Municipal Office establishment	60
(*b*) Increase of grant to Native Vaidyasala from Rs 25 to 35	120
(*c*) Lighting of two more Petromax lights	288
(*d*) Temporary establishment for removal of lantana, etc	200
(*e*) Equipment for Veterinary Dispensary	250
(*f*) Municipal Office furniture	250
(*g*) Clothing charges	50

The increases under items (*a*) and (*b*) are in accordance with Government Order No L 3880-1—Ml 12-29-27, dated 30th November 1927, and L 3127-8—Ml 12-29-22, dated 30th October, 1929, respectively and are approved The necessity for the large provision under furniture and the new provision for clothing has not been explained As an expenditure of Rs 60 was incurred on furniture during 1928-29 and as the revised estimate for 1929-30 shows that the probable expenditure was Rs 100, there is no need for incurring any further expenditure on this account In view, however, of the strength of the Municipal Council having been increased by four members, a provision of Rs 50 for this purpose will be retained and that for clothing will be deleted The other provisions will remain undisturbed

ORDER No L 2448-9—ML 332-29-10, DATED BANGALORE, THE 18TH SEPTEMBER 1930

The Municipal Council estimate their income and expenditure at Rs 8,289 and Rs 8,911 against Rs 7,548 and Rs 8,877 respectively sanctioned for the previous year

2 *Opening Balance* —The opening balance is proposed at Rs 1,897 without any explanation as to how it has been arrived at The estimates will be reduced to minus Rs 549 as detailed below —

	Total	10,391

		—549

3 *Receipts* —An income of Rs 3,200 is expected under taxes on buildings against the revised estimate of Rs 2,231 for 1929-30 An increased of Rs 1,000 is expected on account of revision of assessment which will be effceted from 1st July 1930. This appears too sanguine The estimate will be reduced to Rs 2,700 An income of Rs 300 is expected from market fees The estimate will be reduced to Rs 150 pending the re-submission of the bye-laws which have been returned for revision, and the sanction of Government thereto The estimate of Rs 500 under the debt heads on account of Government grant for Town Improvement Work will also be deleted pending the distribution of the grant placed at the disposal of the Deputy Commissioner

4 *Expenditure* —The Municipal Council propose to entrust the collection of assessed taxes to the Sanitary Maistry and pay him an allowance of Rs 5 Pending receipt of separate proposals in the matter, the omission to provide for the usual charges on account of commission is approved The provision for lighting charges is proposed to be raised from Rs 1,158 to Rs 2,030 As the finances do not permit of such large increase, the provision is reduced to Rs 1,230

5 In order to meet the cost of Town Improvement Works executed in the previous year, a loan of Rs 2,000 at 5½ per cent per annum from the Government Order No L 1659-60—Ml 97-30-2, dated 22nd August 1930 on the security of the 6½ per cent State Loan Bonds held by the Municipal Council, an estimate of Rs 2,000 under loans on the receipt side will be inserted

7 The statement of normal income and expenditure has not been submitted The normal income is less than the normal expenditure by Rs 600 and the Municipal Council have also to make up a sum of Rs 300 for repayment of the loan, besides Rs 110 for payment of interest The arrears of taxes to be collected are not heavy and in spite of the loan the Municipal Council are not able to keep up the prescribed minimum balance The investment in the Government loan is Rs 4,000 The uncumbered portion of the investment is required to keep up the prescribed minimum balance The Municipal Council may consider why instead of taking a loan they may not at once dispose of the Government loan bonds and avoid complications in the accounts The Municipal Council should take prompt action to improve their financial position by reduction of unavoidable recurring expenditure and Imposing other taxes The action taken in the matter should be reported to Governmeut before the end of December 1930

REVIEW ON THE BUDGET ESTIMATES OF MALUR MUNICIPAL COUNCIL FOR 1930-1931

The Council have budgetted for Income and Expenditure of Rs 10,592 and Rs 10,934 respectively as against Rs 14,340 and Rs 12,036 respectively of the year 1929-30 The opening and closing balances were not correctly prepared After proper calculation with the actual closing balance for 1928 29 as the basis the opening and closing balances for 1930 31 will be Rs 4,253 and Rs 3,911 respectively

Income under heads A, B and C is estimated at Rs 9,792 as against Rs 13,585 of the previous year The decrease is observed to be mainly due to considerable fall in the anticipated toll Revenue during 1930-31 Reasons for the disparity should have been explained in the Explanation Column Slight variations are observed in the other items of Receipts and they have also not been explained

A sum of Rs 700 is shown to be still due from one Abdulla Sab of Srinivaspur Why no action was taken for its recovery during 1929-30, has not been explained.

Judging from the revised estimates for 1929 30, evidently the collection are obviously slack In the absence of explanations it is not possible to say whether the revised estimates are properly prepared or not If the Council do not bestir themselves to recover the outstanding dues to the Municipality, they will surely be handicapped for want of funds to discharge their obligatory functions

Under Expenditure also the revised estimates do not appear to have been prepared correctly Revised figures do not appear to have been shown for the full year, otherwise reasons for having spent only Rs 296 under establishment head (a) against the actual expenditure of Rs 450 during 1928-29 should have been explained

Increased provision of Rs 1,000 is made under "(c) Lighting by Contract" and this is said to be due to the introduction of same Petromax lights in important squares in the Town This is retained

A sum of Rs 2,500 is provided for original and repair works under "Department of Public Works" Details have not been shown in the statement accompanying the budget estimate

Provision of Rs 1,500 under "(g) Veterinary Hospitals and Dispensaries" is retained in view of the explanation offered in the last column

The slight increased allotment on account of numbering houses is retained

A sum of Rs 1,500 is provided under "9 water supply and maintenance charges" This is earmarked for expenditure towards the improvement of water supply to the Town The allotment is quite inadequate for the purpose and the Council should find funds to make a reasonable provision for the same Otherwise the provision will be nominal and nugatory

Name of the items of Expenditure calls for retrenchment, but the total expenditure exceeds the total receipts

The financial position of the Conucil stands as follows —

	Rs
Opening Balance	4,253
Receipts	10,592
	14,845
Expenditure	19,934
Closing Balance	3,911

The closing balance is above the prescribed minimum With these remarks the estimates are sanctioned

REVIEW ON THE BUDGET ESTIMATES OF SRINIVASPUR MUNICIPAL COUNCIL FOR 1930-31

The Council have budgetted for Income and Expenditure of Rs 4,115 and Rs 3,739 as against Rs 4,930 and Rs 4,192 respectively of the previous year

The resources of the Council are very limited and require to be improved by tapping other possible sources of Income Otherwise the Council would find themselves unable even to discharge their obligatory functions

Variations in the estimates are duly explained in the Budget

The Council should take advantage of the scope afforded by Government in their Order Nos L 1720-7—Ml 200-19-6, dated 21st September 1921 and L 5241-8—Ml 55-21-100, dated 16th March 1922 to improve their resources

Under expenditure, variations here and there are duly explained In view of the explanation furnished the provision of Rs 30 under "(d) furniture" is retained

The increased expenditure provided for under "Permanent Establishment" should not be incurred without obtaining proper sanction from the undersigned

The allotment under "D Public Works" is very poor and the Council should make adequate provision for public works by improving their resources

The budget has been framed with due regard to the actuals of previous years

The financial position of the Council, after the aforesaid remarks will be as follows —

		Rs
Opening Balance		772
Receipts		4,115
	Total	4,887
Expenditure		3,739
	Closing Balance	1,148

The actual figures for 1928 29 have not been furnished in the budget estimates. On the basis of the actual figures furnished in the Annual Accounts for 1928-29 the opening and closing balances have been calculated

The closing balance is above the minimum

With these remarks the estimates are sanctioned

REVIEW ON THE BUDGET ESTIMATES OF BAGEPALLY MUNICIPAL COUNCIL FOR 1930-31

The Council have budgetted for Income and Expenditure which stand as follows when compared with the sanctioned figures for 1929-30

	Rs 1930-31	Rs, 1929-30
Opening Balance	1,607	500
Receipts	3,552	2,423
Total	5,159	2,928
Expenditure	2,963	2,368
Closing Balance	2,196	560

The opening and closing balances shown in the abstract of the budget were incorrect and they are correctly calculated and entered above

Income under normal heads A, B and C is estimated at Rs 1,552 as against Rs 1,428 of the previous year A slight increase is anticipated under Taxes on "Vehicles and animals" The other items of receipts remain stagnant

The Counil should earnestly try to improve their resources to enable them to discharge their obligatory functions

From a perusal of the Revised figures for 1929-30 the work of collection does not seem to be capable of improvement Unless prompt action is taken to collect all their dues, they may become time-barred and the Council will loose even their slender earnings

A sum of Rs 1,000 is the estimated receipt under a "Grants and contributions from Government" and a further sum of Rs 1,000 is again shown as receipt under "Public Improvement Fund"

The estimate of Rs 1,000 under the latter is retained and that under the fromer is deleted as there is no chance of sanction of double grants from Government as anticipated by the Council Hence the total receipts will be Rs, 2,552

Uunder Expenditure, there is no allotment for "Public Works" beyond the provision of Rs 1,500 under "H2 (4) Town Improvement allotment" From this it is understood that the Council intend to spend Rs 500 more than the allotment of Rs 1,000 expected by them from Government for Improvement works Hence the provision is retained

The Expenditure will be in excess of the Receipts as will be seen below —

	Rs
Opening Balance	1,607
Receipts	2,552
Total	4,159
Expenditure	2,963
Closing Balance	1,196

The closing balance will be above the minimum The estimates are sanctioned with the above remarks

REVIEW ON THE BUDGET ESTIMATE OF GORIBIDNUR MUNICIPALITY FOR 1930-31.

The Council have budgetted for an Income and Expenditure of Rs 7,781 and Rs 7 539 as against Rs 8,137 and Rs 8,917 respectively of the previous year The Opening and Closing Balances are prepared correctly and the audited figures for 1928-29 are not also furnished under opening and closing balances

Adopting the Opening Balance for 1928-30, from the Annual Accounts of the Municipality the Opening and Closing Balances for 1930-31 are calculated and entered in the abstract of the Budget estimates

Income under the normal heads A, B and C, is estimated to be Rs 6,591 as against Rs 6,075 of the previous year The slight increase is shown to be due to a fresh item of receipt of Rs 100 under " Rents of Buildings and etc ," and enhanced estimates under " Sale of Lands " and " Revenue from Markets, etc ," No reasons have been furnished for these variations Pending the receipt of suitable explanations for the provision of Rs 100 under " Rents on buildings, etc ," and the other variations, the provisions are allowed to stand

The resources of the Council are limited and require improvement The scope afforded in the Government Orders No R 6319 pul 81-91-6, dated the 25th November 1920, and No L 524 pul 55-21-100, dated 16th March 1922 should be taken advantage of by the Council to improve their resources

Under Expenditure, a slight increase is provided against " Salary of Establishment " without explaining the necessity therefor

Without obtaining sanction from competent authorities expenditure beyond the sanctioned scale of establishment should not be incurred The provision is, however, retained at Rs 450

A sum of Rs 120 is provided for payment of Commission to Patel and Shanbhog for Mohatarfa collection This is in excess of Rs 108 the maximum allowed under Article 322 of M A The provision is, therefore, curtailed to Rs 108 and the feasibility of appointing a bill collector on Rs 9 a month may be considered by the Council as they will have the advantage of a whole, time servant in the bill collector, in lieu of the Village servants

Before incurring any expenditure in this connection during the current year a detailed report should be submitted as to the authority under which commission, more than the prescribed limit of Rs 108 a year was paid by the Council to the Village servants during the previous years and the extent to which the excess thus paid works up, should be ascertained with reference to the accounts of the previous years

Under " Department Public Works " the Council have provided Rs 2,720 and Rs 670 for " Original works " and " Repairs " respectively These are allowed to stand, in view of the fact that the Council have under taken a costly scheme of improving the drainage of the Town

The other items of Expenditure do not call for any remark The financial position of the Council, after the above observations, will stand as follows —

		Rs
Opening Balance		4,649
Receipts		7,781
	Total	12,430
Expenditure		7,527
	Closing Balance	4,903

The Closing Balance is above the prescribed minimum The estimates are sanctioned

	1930-31	1929-30

Actual Opening Balance	1,742	1,828
Receipts	4,900	3,111
Total	6,642	4,939
Expenditure	4 983	4,179
Closing Balance	1,659 (estimated)	760

The Opening Balance was not correctly calculated in the abstract It is duly corrected

Income under the heads A, B and C is estimated at Rs 3,665 as against Rs. 2,596 of the previous year Increased receipts are anticipated under "Octroi" "Taxes on buildings and lands" and "Toll". Reasons for the increased estimates under "Octroi" and "Toll" are furnished in the Memo of explanations appended to the estimates Hence the estimates as proposed are retained

The reasons why there is under estimation under "shop and cart taxes" should have also been explained

A sum of Rs 1,000 shown as Receipts under "Town Improvement Grant" is allowed to stand in view of the explanation furnished

Under Expenditure proper explanations have been furnished for the variations in the several items Hence the allotments estimated in the budget are retained without modification

As the budget is prepared with due regard to the actuals of the previous years and the Closing Balance is above the prescribed minimum the estimates are sanctioned
